Manoj Kumar

Director

Dear valued customers,

I am proud to lead a company that has become a global leader in healthcare innovation and quality. With a rich legacy of over two decades, we have been at the forefront of developing cutting-edge technologies and medical devices that have transformed the healthcare landscape.

Our commitment to research and development has led to the creation of some of the most innovative healthcare products in the world, designed to meet the evolving needs of healthcare professionals and patients alike. Our products have been recognized globally for their quality and effectiveness.

At Koinamed, we are driven by a singular vision: to provide healthcare solutions that are accessible and affordable to all. We believe that access to quality healthcare is a fundamental right, and we are committed to using our expertise to make a difference in people's lives.

Our global presence has allowed us to impact millions of lives across continents, and we take great pride in our role in improving healthcare outcomes for people worldwide. Our commitment to quality, safety, and excellence has earned us the trust and confidence of healthcare professionals and patients alike, making Koinamed a brand synonymous with innovation, reliability, and integrity.

As we look to the future, we remain committed to our vision of transforming healthcare through innovation and technology. We will continue to push the boundaries of what's possible in the medical field and remain dedicated to providing the highest quality products and services to our customers worldwide.

Thank you for choosing Koinamed, and we look forward to serving you for years to come.

Manoj kumar

Sincerely,
Manoj Kumar
Director, Koinamed

KOINAMED is one of the prominent ISO 9001:2008, ISO 13485:2003, ISO 14001:2004,OHSAS 18001:2007 & CE certificated Company, specializing in the production of Operation Theatre Lights and Tables in India, which is continued to be the trendsetter throughout the years of history. From the last 15 years, we have created a proficient niche both in the domestic and international medical industry, with its products sold nationwide and to countries and regions like Europe, The Middle East, South America, Africa and South East Asia. We have the privilege to design and distribute the most sophisticated and technological latest products in the service of medical profession. Our Research and Development department is continuously involved in designing & developing better design and technical solution at the required standard by the customers.

We are empowered with an efficient workforce of skilled and dedicated staff.

Our manufacturing facilities are located in Delhi, equipped with the latest machinery and all the work is done in house. While continuously increasing the production process, we also continuously improve the product quality.

We assure to satisfy you with our quality, workmanship and after sales service as we always do to meet the requests of our valuable customers. We give our customers a tailor made cost for cost effectiveness by keeping close watch at every step in order to give a personalized service. Motivated by the service philosophy of "Endeavor to affect customers". Technomed will, as always preserve in creating the new image of Indian Medical Equipments production and contribution to the health of all human beings around the world.

We can also manufacture the equipment according to your required specification as we are the original manufacturers, so please let us know if you need any change.

EQUIPPED WITH ADVANCED FEATURES

1

Sterilizable Handle

2

Safety Glass for Lens Protection

We offer LED lights with protective fire resistant ESG safety glass cover for scratch proof, fast disinfection process and improve the light penetration. It is made of monolayer safety glass which protects the lens from ultra-violet and infrared rays.

3

Control Panel

Touch control panel on the light head.
- On-Off
- Illumination intensity
- Color temperature
- Endo illumination mode

4

Endo Mode

To meet the requirement of low ambient illumination.

160,000 lux

5

HD Documentation for Continuous Medical Education (CME)

- Auto focus
- Integrated central camera or independent third-arm camera (Optional)

6

Focusing System

The brightness of different LEDs is adjusted automatically to change the spot size, which will avoid the possible occurrence of mechanical malfunctions.

OMEGA 500+500

Adjustable Colour Temperature

Special Features

Shadowless Light, Memory Function, High quality sterilizable handle, With protective fire resistant ESG safety glass for scratch proof, fast disinfection process, protects UV and IR rays and improve light penetration. Body is made of high quality fire resistant polymer.
Single non winged round shape lamp head for easy maintenance and better sealing against dust and fumigation.

Features

- Memory Function
- Endo Mode

Optional

- Wireless Wall Controller
- 360° Rotation
- Battery Backup

Technical Specifications

Intensity	1,60,000 + 1,60,000 Lux ±10%
Size of Light Field	12-30 cm
Colour Temperature	4000-5000 K
Colour Rendering Index	93 RA
LED Life	>50000 Hrs.
Number of LED	126 +126
Diameter of Light	500mm x 2
Brightness Control	Capacitive Touch Panel
Power Supply	220V/50Hz AC
Colour of LED	White & Yellow (Double Colour)
Focusing	Adjustable

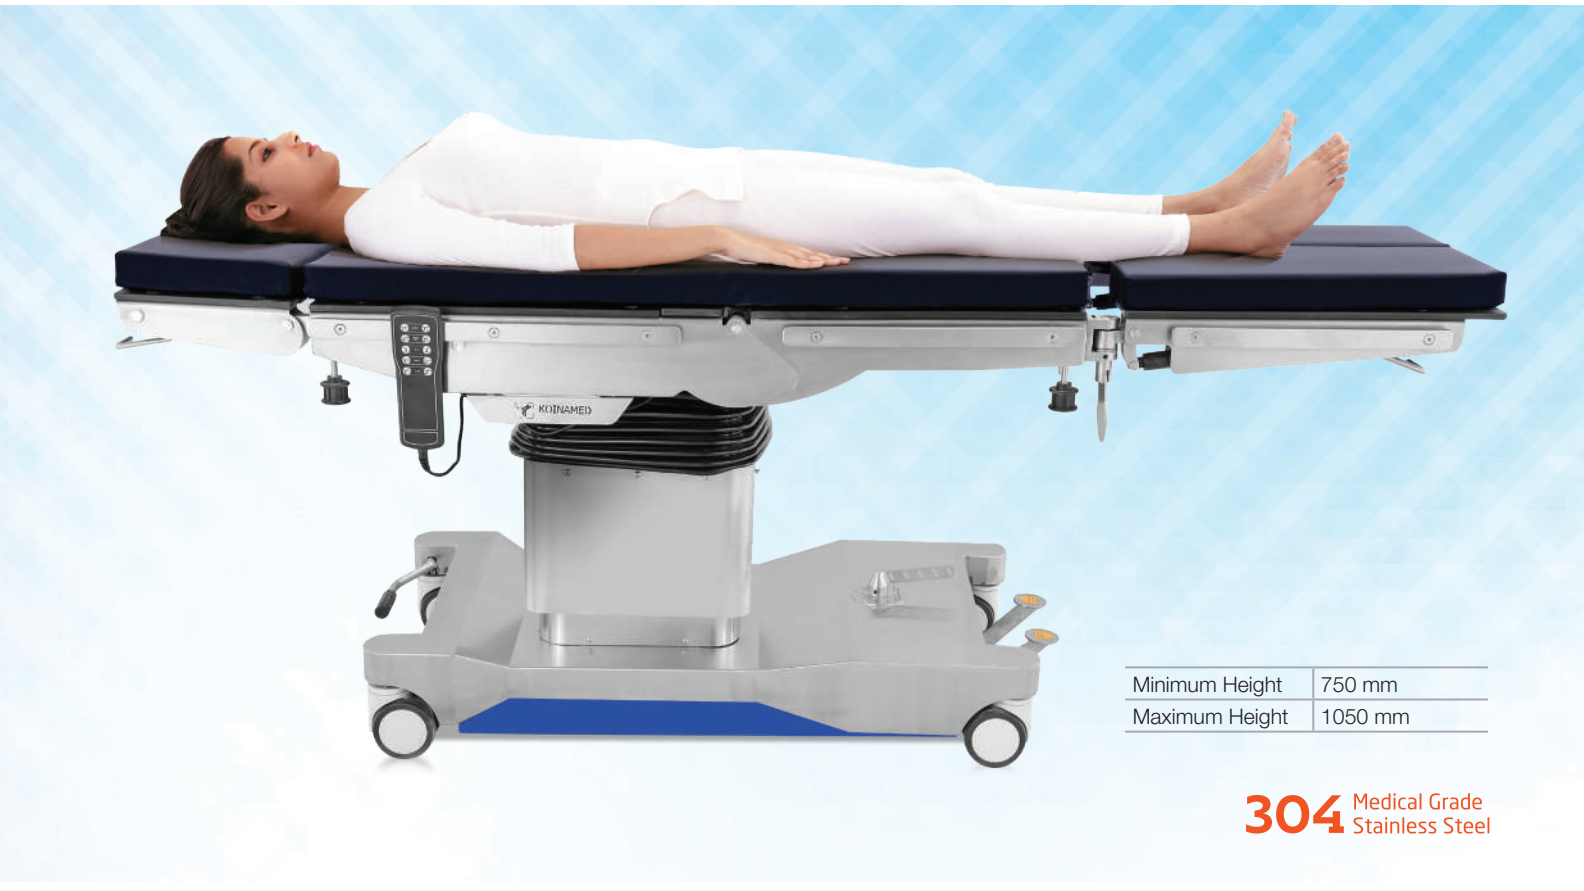
» MATRIX EHO

ELECTRO HYDRAULIC OT TABLE WITH MANUAL OVERRIDE SYSTEM



Minimum Height	750 mm
Maximum Height	1050 mm

304 Medical Grade Stainless Steel

Special Features

Engineered for increasingly complex surgical scenes, Matrix EHO comes with extreme loads in any position. The modular structure enables it to be adapted to match the size of the patient and in no time at all it can be equipped for any surgical discipline. With the characteristics of high automation low noise and high reliability, Matrix EHO can be regarded as an ideal electro-hydraulic operating table.

- Modular design tabletop tailored for various surgical discipline needs. The easy click new mounting point enables the table adapted to wide variety of surgery and patient's height, waterproof design Mattress.
- Exreme weight load capacity of 300 kg with highest safety and stability.
- Standard override panel control makes the control safer.

Technical Specifications

Length of Table	2000 mm
Width of Table Top	540 mm
Height (without Mattress)	Min. 750 to max. 1000 mm
Trendelenburg	25°
Lateral Tilt	20°
Back Section	± 70°
Head Section	± 60°
Leg Section	0°-90°
Floor Locking System	Center Floor Locking
Weight Capacity	300 kg
Top Sliding	5" Reverse & 5" Forward

MATRIX EHO ULTRA LOW

Minimum Height	640 mm
Maximum Height	1040 mm

Salient Features

- Split Leg Section
- Stainless Fitting
- Sliding Top
- Detachable : head, leg & pelvic section
- In built kidney bridge
- Five sectional radio – Translucent Top
- Base & Cover mode of attractive, easy to clean Stainless Steel
- Sophisticated mechanics provide smooth, step less articulation of the table top for precise patient positioning.
- Standby Battery Back-up with recharging circuit.
